

In **Literacy**, I will complete research and use my developing knowledge of dinosaurs and changes the world to write a non-chronological report about different dinosaurs to inform other children. I will then use stories about cave men to write my own narrative written in this time period.

In **Maths** I will develop my knowledge of place value through understanding what different numbers represent. I will then use my knowledge of this to add and subtract 2-digit and 3-digit numbers using column method. I will then continue to apply this knowledge to word related problems.

In **topic**, I will be learning about how the world developed from the earliest of time, we will be focusing on dinosaurs and the earliest of men. We will then understand how the world has changed through the stone age to the iron age, thinking about how living, jobs and survival.

Topic title: **The Lost World**  
Subject Focus: **History**

In **Art**, I will be completing observational drawing of dinosaurs before using different medias to showcase dinosaurs differently.  
In **DT** I will be using resources and knowledge from the Stone Age to design and make Stonehenge out of clay.

Whilst the weather is nice, **PE** will be mostly outdoors focusing on ball games, this will take place on the grass and playground. We will also be completing gymnastics inside. I will need dark shorts and my Jerry Clay Academy t-shirt (or a white t-shirt) and a dark tracksuit for colder outdoor weather. I will also need a spare pair of trainers/pumps.

I will receive spelling and a reading homework weekly. This will be set on a Friday and will need to be completed by the Wednesday after.

I will be given a Maths task every other week.

I should also be practising my times tables regularly.

In **ICT** we will develop our knowledge of coding where we will complete a story board and use a variety of techniques to move our sprite in a sequence. Here we will include other accessories, such as sound and speech.
