

In **Literacy**, I will be focussing on developing my descriptive writing techniques, using the context of WWII

Later on in the half term, I will be writing a newspaper report, considering a major event.

In **Maths** I will be continuing to develop my number and calculation skills and I will be particularly developing and deepening my understanding of place value. After that, we will be developing our confidence when using written methods to add and subtract.

In **Science**, I will be investigating different materials and their properties, including whether they can be changed and if this change is reversible.

Topic title: The Great Divide

Subject Focus: History

In areas of our topic, I will learn about how life changed during World War II, the impact the war had on each member of the family.

We will look at the impact of the Blitz and the geography of the locations affected.

PE in Class 5 is on Wednesday this half term. We will be developing our skills in different invasion games (hopefully outside if the weather is fine).

Following on from our learning at the end of Year 4, we will continue to go swimming on Thursday afternoons until February half term.

I will receive homework weekly. This will be set on a Wednesday and will need to be completed by the following Monday.

10 spellings will be given out and tested the following week (any day).

In **Computing** this half term, I will continue to develop my skills when coding in order to create an educational game for a younger child.
