

Mindfulness

I am so proud of how hard you have all been working. Make sure you have a break away from screen time and enjoy outdoor learning and handwriting activities too! Take a moment to relax and complete a mindfulness activity!

I have attached some different examples of mindfulness activities this week on the weekly email! 😊

Maths

White Rose Hub

We will continue our new Maths learning every day on the white rose hub. I will continue to upload activities from WRH onto seesaw daily so that these can be completed directly on seesaw if preferred. I will also upload other activities related to the current learning.

Diamond Dash

Please continue to practise your Diamond Dash. When you are ready you could practise in the allocated time and then try the next Diamond Dash level?

Times Table Rock stars

This week we will be having new battle against Year 1! Let's see if Team Year 2 can be the winners of the battle. I will be emailing certificated for the top 3 contributors.

Hit the button

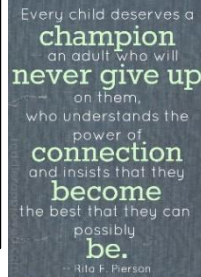

Please practise **halves to 10**. Once you have mastered this level, work up to halves to 50. **Remember half means the same as divide by 2!**

<https://www.topmarks.co.uk/maths-games/hit-the-button>

The top marks website also has a wide variety of other games on all units of Maths learning too!

YEAR 2 HOME LEARNING

Good morning Year Two 😊

Here is an overview of tasks we'd like the children to be completing at home over the forthcoming week.

I know times are very challenging at the moment but please remember how incredible you are. I am just in awe of your continued support and efforts 😊

#TeamYearTwo

Warmest regards,
Miss Mitchell 😊

Spelling, Punctuation and Grammar (SPAG)

SPAG

This week's SPAG activity will be uploaded on Seesaw. This week we will focus on using adverbs to add extra detail and describe how.

Spellings

I have updated this week's spellings on Spelling Shed. This week, I will be hosting an online spelling test on Spelling Shed on **Friday 1st May @1pm**. Just log on and click on 'Hive Game'. Please begin to join the game 10 mins before to ensure everyone is logged on and I will begin at approx. 1:10pm.

Science:

Our Science topic is 'Plants and animals'. This week, we will continue our investigation on plants. This week can you compare how plant and humans are similar and what they need to survive. <https://www.bbc.co.uk/bitesize/clips/zg7s39q> is a great simple video to explain the different characteristics of living things. MRS GREN is an acronym to help remember these. I will post examples and further support on seesaw 😊

Reading Comprehension

Comprehension Sheets

I will upload a comprehension task weekly onto seesaw! This can be completed directly on seesaw. Or if preferred, on paper and uploaded after completion! This week will be a comprehension and a DERIC activity

DERIC Activity

DERIC is an acronym we use to help us with comprehension activities standing for reading skills of Decode, Explain, Retrieve, Interpret and Choice. The children are familiar with DERIC from prior learning in school.

Daily Reading 😊

Writing

This week, we will continue our focus on poetry and our outcome of a shape poem based on a chosen weather. We will be striving to use onomatopoeia, adjectives, similes and even rhyme in our poems. I have structured the week in our letter and will post daily activities and guidance on seesaw. This week, we will begin to structure our weather shape poems and create sentences from our ideas too. We will begin by focussing on developing descriptive sentences including similes and expanded noun phrases. Rhyme is very challenging, so we will focus on this towards the end of the week and into next week 😊

Geography:

For our Geography focus this week, your challenge is to investigate the water cycle. <https://www.bbc.co.uk/bitesize/topics/zkgg87h/articles/z3wpp39> - although this link is KS2, it is a brilliant simple video. Can you create and explain the water cycle in your own way. This could be a poster, fact file or be as creative as you wish. An extra challenge for Geographical vocabulary! I will list examples on seesaw to support 😊

Art

For our new theme 'What's the weather?' Can you create a weather mobile? As creative as you wish. I have attached some examples in the email. You can post your work on seesaw to add to your Art folder 😊
