

4<sup>TH</sup> May 2020

Dear Parents

Thank you so much for the continued support and dedication you are giving to keep your child learning at home.

I will continue to download two different activities each day for the children to complete using the Seesaw app/website. Remember that it is totally up to your child how they wish to present their learning.

Kind regards

Miss Harling

## **Maths**

Using Seesaw to complete the daily Maths activity, using the White Rose Maths website and the templates on Seesaw. We are now on **Summer Week 1 lessons and will complete these this week**

### Times table rockstars:

Colour team battles are continuing school-wide! These will be starting on Monday morning at 9am through to Sunday evening at 6:30pm. Which colour team will be victorious this week?

**Manga High: - I have set some challenges to be completed this week on Manga high if your child gets some time to complete these as consolidation work.**

### Learning pack:

If your child would like some additional work, they can choose to do so from the Word problems section of the learning pack. I will attach the answers to these word problems pages at the bottom of this letter. This is not essential, purely for if they complete the Seesaw activity!

## **Writing**

### **Man on the Moon**

Watch the video and explore the man's thoughts. I have put the link and template on seesaw to try and make this easier but it does not have to be done this way.

Explore the little girl's thoughts – how does she feel about seeing the man up there?

Write a poem from either of the characters' points of view.

## **SPAG**

**Please give the children time to research and practise the new spellings-listed on the overview.**

All of these spellings are available for practising on Spelling shed too.

**Spelling shed test – Thursday 7<sup>th</sup> May at 3pm and at 3:30pm (to try and support with any technical issues!) so there may be 2 codes.**

## **Science**

**Moon diary project.**

**This will begin on Monday 4<sup>th</sup> May and last 4 weeks (until 31<sup>st</sup> May)**

Each day/night (starting today!) I would like the children to observe the moon and record its appearance. So ideally - by the time the project finishes - they will have recorded the moon's appearance 28 times (although as we know this might not be so easy e.g. on cloudy nights or if it is below the horizon – but this is an important learning point for the children). They can present this however they wish! This may be through photographs, drawing, painting, stamping, biscuits - think about what could represent the moon each day.

## **Art**

VE day bunting. It would be lovely to see some fantastic bunting decorating your houses and I'd love to see what the children can create in order to help celebrate's Friday's 75<sup>th</sup> anniversary celebrations. Talk to your children about what they can remember about WW2 and our topic earlier this year. I'd love to hear some of their memories from our VE day party at the village hall as well!

## **Music**

It would be fantastic to see you all joining in with Wakefield's joint Big Sing effort! Please follow the link on the learning overview (youtube)

[Big Sing 2020](#)

Wakefield Music Hub are organising BIG SING 2020. The first Big Singalong Day is 12<sup>th</sup> May as part of International Nurses Day. To join with families, school, and choirs around Wakefield, learn the song 'One' which features singing and signing in the chorus, then record and share your performance on twitter @WakefieldMusHub or Facebook WMS Big Sing 2020. These will then be compiled into a big Wakefield video! Sing along live on the day on Facebook. <https://www.youtube.com/watch?v=5UKc2BY7PB0&feature=youtu.be>

**Have a fantastic week and please keep sharing your learning 😊**

**Kind regards,**

**Miss Harling**
