

Phonics Screening Results

In September 2014 we introduced Read Write Inc. into our Academy. As a team, we work rigorously to challenge ourselves on the best ways to teach Phonics through Read Write Inc. Every term we invite a RWI consultant in to work alongside, challenge and coach our staff so that we are never complacent with our methods and delivery. We believe that staff should be upskilled constantly. All new staff receive RWI training before they start with us so that consistency continues.

We have a Reading Leader in our Academy who works alongside staff, team teaches and delivers Master Classes to them every week on areas which we need to improve upon.

In September 2015 we were awarded a trained school badge from Ruth Miskin as a reward to our loyalty and fidelity to the programme.

We were chosen in March 2016 to deliver a Phonics roadshow for the Department of education, celebrating the success which we have had with our Phonics. We continue to showcase Phonics to other schools and have many visitors throughout the year observing Phonics approaches within our Academy.
