

School Council

Our School Council have been working very hard this year, discussing a number of important issues in school.

They meet weekly, on Fridays, and discuss a number of agenda points ranging from behaviour to upcoming events; these meetings are chaired by Devon. Another key part of our meetings are discussing children's ideas from the 'pupil voice' box. We discuss ideas at length and record our actions next to the school council display in 'You said, we did' speech bubbles.

The School Council has been split into two sub-committees; an Eco team to oversee the school's environment and to lead on new initiatives based on issues that arise and a Sport and Healthy Lifestyle team to assist and develop the school's commitment to sport as well as to promote the importance of being healthy.

The School Council's focus this year centres around ensuring that the tuck shop is further established and increases in popularity. Other options are also currently being investigated such as increasing the number of days that the tuck shop runs for as well as researching about the possibility of a stationary stall to run alongside what we have already.

Chair: Devon

Vice-Chair: Jessica

Treasurer: Daniel

Members: Devon, Erin, Jessica, Grace, Daniel, Dylan and Summer.
